

Sunny days for Alabama's children!

We know you're here to see our playgrounds.

It's just that we're from Alabama too. We couldn't help but take a moment to celebrate the bright new future being built for our children.

Thank you for helping build Pre-K in Alabama!

*Extraordinary ground conditions, such as slope (3% or greater), buried debris, natural obstructions which require extra attention (such as rock, unmarked service and/or irrigation lines, etc.), repair and/or special digging equipment during installation, will result in additional charges and time. All excavated dirt will be piled or spread on site. *No off-site trucking is included in this proposal.

*Standard lead time for delivery of product and start of installation is 4-6 weeks, unless other arrangements have been made in advance. This lead time can be effected by, but not limited to, ground conditions, permitting, site issues, shipping/delivery errors, etc. In any event, we will do our utmost to get the project back on the schedule at first opportunity.

*Time of installation/project completion depends on size of project, weather, and any extenuating or unforeseen circumstances (i.e. ground conditions, permitting, site issues, shipping errors, etc.).
