Nurse-Family Partnership is a voluntary program for women who are having their first baby. If you enroll, a registered nurse will visit you in your home throughout pregnancy and continue to visit until your baby is 2 years old. Any woman who is less than 28 weeks pregnant with her first child, meets Medicaid eligibility and lives in Tuscaloosa County may participate. Nurse-Family Partnership program goals are to improve pregnancy outcomes, improve child health and development and to improve the economic self-sufficiency of the family.
