Our Parents as Teachers programs serves sixty-three families in three counties with six part-time Parent Educators. As a part of SAFE we have access to the twenty-three plus programs offered through our Family Resource Center in connecting our families to the resources they may need.

We look forward to continuing serving the families in Clay, Coosa, and Talladega counties. It is a privilege to be a part of a program whose mission is to promote the optimal early development, learning, and health of children by supporting and engaging their parents and caregivers.
