Request for Proposal Application

On behalf of the State of Alabama and with designated authority from the Office of the Governor, the Alabama Department of Early Childhood Education (ADECE) applied for the Preschool Development Grant Birth through Five (PDG B-5) through the United States Departments of Health and Human Services and Education on November 2, 2018 and received notice of the federal grant award of \$10.6 million on December 31, 2018. On November 1, 2019 the Department applied for a renewal of the state's PDG B-5. On December 18, 2019 the Department was notified of a \$33 million grant award by the U.S. Department of Health and Human Services and the Department of Education for a renewal of Alabama's PDG B-5 initiative over the next three years.

With the support of a PDG B-5 renewal grant, Alabama will continue longstanding efforts to expand access to high quality early childhood care and education for all children. The renewal grant will build upon the successes of the nationally-recognized First Class Pre-K, First Teacher Home Visiting, and Pre-K – 3rd Grade Integrated Approach to Early Learning (P-3) programs as well as support Alabama's *Born Ready* movement, to inspire and empower every parent and to ensure every child reaches their greatest potential.

The stated purposes of Alabama's PDG B-5 Initiative are:

1. Develop, update, or implement a strategic plan that facilitates collaboration and coordination among existing programs of early childhood care and education in a mixed delivery system across the State;
2. More efficiently use existing Federal, State, local, and non-governmental resources to align and strengthen the delivery of existing programs;
3. Encourage partnerships among the wide range of early childhood education programs and service partners that make up the B-5 Early Childhood State System;
4. Expand parental choice and knowledge about existing programs through *Born Ready*; and
5. Enhance school readiness for children from low-income and disadvantaged families, including during children's transition into elementary school by sharing best practices between and among ECE providers.

The purpose of this RFP is to implement and establish an asset-based approach to support families to increase school readiness for young children, especially in low-income families, and encourage socio-economic mobility. ADECE intends to enter into a contract for a period of two years with an option to renew the contract for a total of the entire PDG B-5 grant period.

ADECE is seeking professionals to provide consultation to build an interdisciplinary team (across agencies including the Alabama Department of Human Resources, Alabama Department of Public Health, and Alabama Department of Mental Health) which will bring a foundational approach for all professionals who touch the life of a child- birth to age 8. This foundational approach would address inequities which limit the child's ability to grow and thrive optimally. Through a family engagement model that empowers the family and build on their individual strengths, inequities would be addressed, and families would be empowered to find solutions and become sufficient in the current systems available. Alabama's PDG B-5 supports adopting a foundational approach across multiple systems establishes a two generational (2Gen) approach which has been proven to be the most effective model for empowering families. The vendor will create a state-specific strategic plan to address all agencies who work with and/or impact children and families, such that it builds on the families' strength to be self-sustaining.

Duties and Responsibilities include:

1. Embed the human service value curve in the model along with the two generational approach philosophy for all partners;
2. Create a foundation program with a common language to ensure all state agencies and partners are using the same lens to support families and children;
3. Implement developmentally appropriate strategies for families to access and partners to implement with training; and
4. Provide reflective practice to state staff as this shift in practice will move from service delivery of services of individual needs to supporting the whole family unit and the unique overall needs.

The duration of this contract will be for two years (November 5, 2020 – October 31, 2022) with the option for renewal through the remainder of the entire PDG B-5 grant period. All services must be provided by the vendor and cannot be subcontracted to a third-party vendor. Invoices will be billed monthly. Inability or refusal to perform duties, responsibilities, and expectations as outlined below will establish grounds for contract termination.
