Request for Proposal Application

On behalf of the State of Alabama and with designated authority from the Office of the Governor, the Alabama Department of Early Childhood Education (ADECE) applied for the Preschool Development Grant Birth through Five (PDG B-5) through the United States Departments of Health and Human Services and Education on November 2, 2018 and received notice of the federal grant award of \$10.6 million on December 31, 2018. On November 1, 2019 the Department applied for a renewal of the state's PDG B-5. On December 18, 2019 the Department was notified of a \$33 million grant award by the U.S. Department of Health and Human Services and the Department of Education for a renewal of Alabama's PDG B-5 initiative over the next three years.

With the support of a PDG B-5 renewal grant, Alabama will continue longstanding efforts to expand access to high quality early childhood care and education for all children. The renewal grant will build upon the successes of the nationally-recognized First Class Pre-K, First Teacher Home Visiting, and Pre-K – 3rd Grade Integrated Approach to Early Learning (P-3) programs as well as support Alabama's *Born Ready* movement, to inspire and empower every parent and to ensure every child reaches their greatest potential.

The stated purposes of Alabama's PDG B-5 Initiative are:

1. Develop, update, or implement a strategic plan that facilitates collaboration and coordination among existing programs of early childhood care and education in a mixed delivery system across the State;
2. More efficiently use existing Federal, State, local, and non-governmental resources to align and strengthen the delivery of existing programs;
3. Encourage partnerships among the wide range of early childhood education programs and service partners that make up the B-5 Early Childhood State System;
4. Expand parental choice and knowledge about existing programs through *Born Ready*; and
5. Enhance school readiness for children from low-income and disadvantaged families, including during children's transition into elementary school by sharing best practices between and among ECE providers.

The purpose of this RFP is to address the neurological challenges that arise with the retention of primitive reflexes and its impact on academics, behaviors, and social emotional development of young children. ADECE intends to enter into a contract for a period of two years with an option to renew the contract for a total of the entire PDG B-5 grant period.

1. Foundational understanding of neuroscience and retention of primitive reflexes in children;
2. System of training on multiple of platforms both in-person and virtual to support programs;
3. Sustainability of training for train the trainers within the department to support a sustainable model;
4. Data appropriate for work in which outcomes of adults and children are measured and decisions are data driven for ADECE to improve quality programs for all children; and
5. Materials provided to ensure teachers have strategies in a visual form and videos to support classroom practices.

The duration of this contract will be for two years (November 5, 2020 – October 31, 2022) with the option for renewal through the remainder of the entire PDG B-5 grant period. All services must be provided by the vendor and cannot be subcontracted to a third-party vendor. Invoices will be billed monthly.
