

PROVIDERS CALLED, WE ANSWERED WITH ASSIST: Additional Support Systems and Instructional Strategies for Teachers Challenging Behaviors Project

Noah's Ark, Vernon, AL

Now I understand about a safe space in my classroom and that time out is not the best thing to do.

Tiny Tots, Andalusia, AL

Consistency, patience, and new skills for behavior issues has improved more than expected. This program works.

Boaz Child Development Center Boaz, AL

I love the one on one interaction that the teachers get, and they feel that it is very beneficial to their classroom...children have learned to control their emotions better, they also have better social skills and EMPATHY toward each other

Regions Today Care Hoover, AL

...everyone in the center really enjoyed how engaging the CD pd was, and that they wanted us to come back for more training for the teachers.

Kiddie Academy Birmingham, AL

The advice and guidance has assisted our teachers in behavioral issues with certain children and has also benefited the children with strategies at home. We look forward to future opportunities with the children throughout this process...

Lakeside Preschool, Eufaula, AL

I was nervous at first that you would come in monitoring and giving demands... [you] established rapport with us and the children... you weren't judgmental...

Leaders of Tomorrow Huntsville, AL

This being my first year working in child care and getting the help needed for working with children has been a great experience for me.

Ft Payne Child Development Center, Ft Payne, AL

I feel that our participation in the Challenging Behaviors Project has had a positive impact on our program by getting us to look for the cause of the challenging behavior, and ways to address it and help the children to learn more coping skills, than just to react to what the child has done.
