

The CONNECT Team works with Alabama First Class PreK classrooms across the state of Alabama. When challenging behaviors arise (and we know they do), this team supports the classroom in providing strategies that help the entire class be successful. We incorporate numerous strategies from Conscious Discipline, Devereux (DECA), the pyramid model, and so much more.

To contact our team for support, talk with your First Class PreK coach, coach facilitator or Regional Director to let them know you would like a visit from our team. You may also reach out directly to one of our four coaches: Christal Coker, Nichole McCants, Amy Brakenhoff or Joy Winchester.

### CONNECT Team Intake Documentation

We bridge the world between Mental Health & Early Childhood Education .....we connect

**Call in Option**
