A PLAYCORE Company

The Power of Play...

Preschool Play is essential in the development of a child. Struthers Recreation offers a complete solution of play systems, freestanding activities and research programming specific to the needs of children ages 2 to 5 years. Our products and programs inspire imagination, promote exploration and discovery, and encourage the development of physical and social skills.

Whether you are planning a new play area or improving an existing one, our project managers can help you find the perfect solution. We will explore all of the options available to help you plan your play space based on the needs of the children who will play there, and make sure everything fits your space and budget!

Snug Play is an innovative playground system that promotes creative and social play. It is a versatile system that allows children of different age groups to be engaged with and participating in developmental play. Each age group will interact with the product differently than another, which provides a new experience each time the children play with Snug, and a new type of play each year as they progress through childhood!
